### Just A Little Bit of HISTORY.....

*Stepping back in history is the way you will feel as you walk the streets of Love Valley. As in 1954, Andy Barker begin to fulfill his lifelong dream to leave in a true western town. Along by his side, wife, Ellenora Barker, daughter Tonda and son, Jet, he begin to build this western town that lies in the foothills of the Brushy Mountains. After moving his family to a one-room home, the build process began.*

*The first building completed was the Love Valley Presbyterian Church. It is still located here on the hill of Love Valley. It conducts services every Sunday morning at 11 am. The next adventure was the Arena. This has hosted many a rodeo, fun show, barreling and all kinds of equine events. It is still used today to host many fun times*

*for all. The town shortly followed. It overlooks this grand arena.*

*The current town hosts a saloon known as the The Silver Spur Restaurant and Saloon; a family style dining, known as The General Store; a bar, known as Shelby's Place; a novelty store known as Moonshine Gifts; a Tack Store; and a t-shirt building of the Love Valley Horseman's Association.*

*There is a working Blacksmith shop known as Blacksmith's Cove. It also, has many accommodations to stay while visiting. We have Miss Kitty's Boarding House, Blacksmith Cove cabins and rentals. As well as many other camping opportunities and stall rentals. Please be sure to check out the list of all businesses associated with Love Valley.*

*The town is hosts to many events throughout the year. We do hope you will make plans now to join us this year. Step back into the wild west of the Town of Love Valley. We look forward to entertaining you with a walk back in time.*
